Description	Embark on an unforgettable day at Mount Titlis, a Must for Thrill Seekers and lovers of breathtaking landscapes. Your adventure begins with a visit to the charming alpine village of Engelberg, nestled just 25 kilometers south of Lake Lucerne. Then, ride the Rotair, the world's first revolving cable car, and marvel at the 360-degree panoramas of the Swiss Alps. If conditions allow, explore the Ice Grotto, cross the Titlis Cliff Walk - Europe's highest suspension bridge- or try snowtubing and whizz down a well-prepared slope. For an extra dose of adrenaline, take the Ice Flyer, a chair lift that will bring you close to the crevasses and down to the Glacier Park. Fly over the glacier and be amazed by the breathtaking panorama - a truly unforgettable experience not to be missed! On the way back, stop in Lucerne, a picturesque town on the shores of Lake Lucerne, known for its stunning natural beauty and historical architecture. Enjoy some free time to explore the old town, where charming medieval streets will lead you to the iconic Chapel Bridge (Kapellbrücke). Take photos of this famous bridge and the Lion Monument. Don't miss visiting the Town Hall, the Baroque Jesuit Church, and the impressive Culture and Congress Center (KKL), designed by renowned architect Jean Nouvel. Stroll along the shores of Lake Lucern or explore the city's many attractions, such as the largest transport museum in Europe, the IMAX cinema, and the Picasso Museum. For a unique panoramic view, hike up to Gütsch Castle.
